**Pavel Liashkov**

has successfully completed the online, non-credit Specialization

## Rocket Science 101

In this Specialization, you learned about the basics of rocket science, the history of rocketry across the globe, and how rocket science manifests in everyday life. This Specialization focused on skill development in rocket science, rocket mechanics, space engineering, rocket history, physics, and astronomy. Learners were assessed through multiple choice questions to check for understanding of the content.

Dr. Aaron Ridley  
Professor of Climate  
and Space Sciences and  
Engineering  
University of Michigan

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
